Determining the main idea

مهمة تحديد الفكرة الرئيسية للنص.

اقرأ وقيم بالإيجابية.

Read the following text, then answer the questions :

Today's young generation, Gen Alpha, is changing the way we live. They are called digital natives because they learn to use technology before they can read. They spend a lot of time online, exploring the latest trends, creating short videos, and connecting with others. They use social media to learn about the world and share their ideas. For example, they often share memes and use emojis to show emotions in a creative, fun way. Many parents and teachers wonder about this generation's future with so much technology. They are trying to limit screen time while also encouraging useful digital skills.

ENGLISH OPENS DOORS.

Staying safe online is very important for everyone, especially for Gen Alpha and teenagers. First, always create strong passwords using letters, numbers, and symbols. Never share your personal information, such as your address or phone number, with strangers. Be careful when clicking on links or downloading files. Think before you post anything because it stays on the internet forever. Always check your privacy settings on social media and keep your accounts private. If something online makes you uncomfortable, talk to a trusted adult. Using the internet wisely helps you learn, connect, and stay protected every day.

Everyone who uses social media leaves a digital trail. Your posts, pictures, and comments form your active footprint. Passive footprints happen without your knowing, such as when websites track the pages you visit. To manage your online data, always use strong passwords and check your privacy settings. Only share personal information with trusted friends or adults. Avoid posting secrets online. By controlling your digital footprint, you can enjoy social media safely and protect your reputation. Being careful online also prevents problems and ensures your personal information stays secure. Learning how to manage your online presence is an important skill for everyone who uses the internet.

A. Choose the correct answer:

1. Active footprints happen when (websites track your visits - you post or comment - nothing - you sleep)
2. You should avoid sharing secrets online to (have fun - keep personal information safe - make friends - get likes)

B) Answer the following questions:

3. What is the main idea of this passage?

4. How can passive footprints happen without noticing?
5. Mention two steps to keep your online information safe.
6. Why is managing your digital footprint important?

Last month, Hatem came home very angry. He told his parents that the streets around his school were crowded with cars and people. They were dirty too. People throw rubbish in the streets instead of putting it in bins. Hatem was a very good pupil. He decided to form a team of pupils to make these streets clean and tidy. They put bins in these streets. They cleaned the streets and grew some flowers there. They also put up some notices advising people to keep the streets clean. Teachers and parents helped the pupils by giving them advice and the money needed. Other pupils in other schools liked the idea and decided to keep the streets around their schools clean.

A) Choose the correct answer:

1. People should put rubbish in (streets - bins - schools - notices)
2. The main challenge in the passage is (learning - cleaning streets - bins - sports)

Malak: I spend the same time using my digital devices, but don't you think that's too much?

Rahma: **Yes, I think so.** We need to find a balance.

Malak: **What** can we do?

Rahma: We can **limit** screen time before going to bed.

Online Safety

Nada: Yes, **I spend about three hours online every day.**

Sara: You must keep your information secure.

Nada: **How can I do that?**

Sara: First of all, you should have a strong password.

Nada: What should a strong password look like?

Sara: **It should include letters, numbers, and symbols.**

Nada: **What else can I do?**

Sara: You should check website settings.

Nada: Thanks for the advice.

Sara: **You're welcome.**

Using Technology

Mona: How often do you use technology?

Samir: **I use it every day.**

Mona: How much screen time do you usually have each day?

Samir: **About five hours.**

Mona: Wow! **What do you do online?**

Samir: I watch cartoons, YouTube videos, listen to music and use social media.

Mona: Why do they use social media?

Samir: **To connect and share ideas with friends.**

Mona: **Do you think they use it wisely?**

Samir: No, I don't think my classmates use technology wisely.

In many families, Gen Z and Alpha children care about fairness when they play or **share** ideas online. Sometimes, a board game teaches patience, while a digital **device** allows them to chat instantly. The new case of children spending more time online shows how technology can **affect** friendships.

But the important part is that these tools **connect** people, build trust, and unite young generations together.

Members of Gen Alpha are constantly discovering new ways to learn. They love to **explore** digital games and enjoy time with their community. Screen time can be fun, but teachers should remind them to play outside and stay healthy. This young **generation** often follows the latest trend on social media. Every day, they **express** their feelings through pictures, videos, and sometimes

We live in a digital age where people use websites and apps every day. When you post a photo online, it becomes part of your digital **footprint**. Even small data can leave a trace that others may see. To protect your **privacy**, never share your address or phone number with a stranger. Always **check** the settings on your account to make sure your information is **secure** and protected.

Amal was a curious girl. She **used** old toys, wires and little machines. The other children annoyed her and said, "You are **strange**." Her parents always told her, "Your identity is what makes you **special**." Amal decided to build a **strange** robot to take part in a school fair. Her friend, Farida, encouraged her, "We believe in you, Amal."

Before the fair day, Amal faced many problems. She felt like **giving** up, but her parents encouraged her to **persevere**. Yara helped her by showing empathy when Amal felt **persevere**. Amal fixed the problems with her robot. She made sure she was learning from **trustworthy** places online. Finally, the robot blinked its eyes and said "Hello!". Amal and Yara cheered with joy.

Write a paragraph" What Do Gen Z and Gen Alpha Have in Common?"

Gen Z and Gen Alpha have many things in common. Both generations are growing up surrounded by technology such as smartphones, tablets, and the internet. They love using social media, watching videos, and playing online games. Both generations value creativity and self-expression. They care about the environment and want to make the world a better place. Education for both is more digital, and they enjoy learning through apps and videos. Gen Z and Gen Alpha also believe in equality and kindness. These similarities make them modern and connected generations.

Write a paragraph " The Traffic Problem in Cairo"

The traffic problem in Cairo is one of the biggest challenges the city faces. There are too many cars and not enough parking spaces. This causes traffic jams, noise, and pollution. People spend a lot of time in traffic, which makes them tired and late for work or school. The government is trying to solve this by building new roads, flyovers, and metro lines. People can also help by using public transportation or bikes instead of cars. If everyone works together, Cairo can become a cleaner and less crowded city.

Write a paragraph " My Favorite Free-Time Activity"

My favorite free-time activity is reading. I love reading stories and learning about different people and places. It helps me improve my vocabulary and imagination. I usually read in the evening before bed or during weekends. Sometimes, I read adventure books, and other times, I enjoy science magazines. Reading helps me relax and forget stress. I also enjoy discussing books with my friends. This activity makes me feel happy and helps me learn many new things every day.

Write a paragraph " The Good Points of Using Social Media"

Social media has many good points when used properly. It helps people stay connected with friends and family, even if they live far away. We can share photos, ideas, and happy moments. Social media also helps students learn new things and follow educational pages. It gives people a voice to share opinions and support important causes. Businesses can also use social media to promote their products. When used wisely, social media can make communication faster and life more enjoyable. It connects people around the world.

Write a paragraph " The Bad Points of Using Social Media "

Although social media has many benefits, it also has bad points. Some people spend too much time online and forget about studying or real-life activities. It can cause stress and make people compare themselves to others. Sometimes, strangers can send harmful messages or fake news can spread quickly. Personal information can also be stolen if users are not careful. To avoid these problems, we should use social media wisely, limit our time on it, and think before we post. When used safely, it can still be useful and fun.
